Sometimes, when you think you're losing your mind, it's a good idea to take a walk and get away from all the concrete. But now, from all that moving, so far from my beloved and I wish I hadn't gone so far... crapola! 6/12/08

That lady Jessica from "Murder She Wrote" is a bitch. Everywhere she goes someone dies. People need to stop inviting her to their towns! WTF!

I love my wife!

Thank you!

I am seeking love. I find it in the most unexpected places. Who knew?

There's no Pete - wherever you are.

I am Portuguese.

In this moment, I’m a happy woman. I’m waiting my son Ankim. 😊

I'm writing this at 10:30 AM... if you're a little slowly sitting thinking how peaceful it is, as well as watching a rabbit eat clovers. As I watch this rabbit I envy him. I envy how simple and peaceful his life is... no meeting others expectations, no war and many other thoughts.

the sky is so clear and blue, the only resolution to my problems is volunteering, helping someone when I can't help myself is ironic but it's all that I have.

I really hate the sun. It's heat on my back. How can anyone stand this crap?

I like anonymity, makes me almost completely un-self-conscious. wait no. I can think of a lot of exceptions... I guess even if no one else is able to decree their judgements upon you... you're still able to fill in the blanks.

The word is on my mind. And sometimes by reading the thoughts of others, I can find the words to say it. I had problems when I came there, but now I don't. It's like I just got it. Life is, and now my problems are too small to even write.

I'm in love. I know it now. Every time I see her I can't help but smile. She was mine for a while, but I needed to be free. Now the only freedom I want is to be hers. This is not adolescent infatuation, not any more. But now we are friends, and I feel that if I ask for more, even that could be ruined. So I'll wait. The summer is full of coincidence. Maybe mine could be love.

I SAW GOD IN THE CLOUDS TODAY. And he didn't even have to speak. I just knew it was him.

The Tiffany - Ghazal Variety Hour

After some convincing, I was persuaded to go to Center Court @ 10:30am because our stupid science class got out early.

Tiffany is pretty and loves Jesus.

Ghazal is also pretty and loves wine.

She is indifferent to our opinions.

Why? Because you all suck.

So I'm not being easy, just insightful.

A bug just flew into my face - WTF! I'm scared now.

I've met this girl 3 years ago. I still love her very much. Everytime I see her, I get warm inside. Everytime I talk to her, I get tongue tied. I will love her till the very end. My love to Phyla Manibwong is unbreakable and undesireable.

"Be who you are and say what you feel b/c those who mind don't matter and those who matter don't mind." — Dr. Seuss

I vow to stop trying to understand love! Even the strongest of hearts is held captive because of one unattainable love. It's not a feeling as some say. It's more of a yearning to be understood even when no one is watching. I had the love once but alas it fell apart. But the yearning never ceased. Can she see past my smile and know that she is all I think about? I always was transparent to her. She could read me like you read this book. There was always the question of "what now?" when we were together. Now being apart, the question has changed to "what if?" of all things that pass us by, don't let love pass, as I did. As with all things... leave it to the master potter.

To my Leanna-

I sit here on this wooden bench thinkin' of you when I leave you wonderin' if I leave you, if it's going to hurt as much as me thinking about it. I'm going to miss how much I cherish the moments we are glazing into each other's eyes til the moment our hearts connect thru our kisses. I LOVE YOU 🌹

"Breathing..." Tom, your other voice.

I did really love having a voice other than my own, but with everything, especially Angel, I feel like she's still at that age, but it feels like everyone else has to grow at some point, hence the "But." All I know is, I want to do something big. I not only want to be inspired, I want to impact people. I really have been missing.

From Summer, bridge, no reality, no ...

I can't help but feel a little sad for her, so I actually I felt like this belonged. I hope I'll see you soon who I am.

I am 14 years old and I am not sure why this is happening. I am hit or hit by others, I want to be free. To start the year of my new school, I need to improve. I am not a person who is a person, I am a person who is a person. It seems odd to return to be a person so quickly with the little I have even told my best friend, Sunday. I am a person who is a person to listen. I share my fears, my hopes, and my life with others. I was never seem like me now but I like it and I am still me. I am a source of others' listening and always learning.
So far, everything is going well. Today, I'm working on something new and exciting. I feel like I'm making progress.

The views are very beautiful. There are many nearby parks to go for a walk or have a picnic. The air is clean and fresh. We can almost forget about our usual routine.

There's a small pond in one of the parks. It's a great place to relax and unwind.

4:00pm: Cooking dinner. I'm tired but looking forward to a delicious meal.

I've noticed that many people write about me. I graduated from UBC a couple years ago, and haven't found love. I got into law school, and guys hate it. I wish there was somebody who told me what is the right way to live life. Everybody told me that if I went to college, was a nice and smart girl, I would mean have a problem in life. Now I'm in law school and so lonely. I know that I am fairly attractive and all around, a guy would want, but the main issue is to figure out life. It's not all about sex or school, it's more about the journey and figuring out what you want within the influence of another.

I hope the best.

Jf
Cool. The last time I came here the rock was nearly full, now it's a new one, just starting.

People write about love a lot, but I've never been that type — tho I am planning on getting married to Chris and all after me graduates write about love, and loneliness, and sex. These big human motivators, you know?

I just love coming here amidst the rocks and the stones, I've danced at in the evenings to the music in my head or my iPod. There's a kind of potential magic here.

I like to think about the people here all the time, in the daytime, at night, or whatever.

It's a hot sunny day with a breeze to cool things off, I'm listening to the birdsong, watching the patterns of light and shade, shadows shift from the windy trees. It's beautiful. That's what I like to come here for. (Though a picnic or a steamy midnight makeout session with my beloved isn't out of the question, either.)

To my dearest Kostas...

My heart has been numb all these years... and the moment we kissed... I learned how to live without the numbness, the hole that once haunted my spirit is no longer there.

My lips were made to kiss yours. My heart was born to love yours... my hands were created to hold yours... and my body was sculpted to feel yours against mine... aching into me a love so true and beautiful... a love
I love you
Now and forever
You are my perfect soulmate
